2. Mengidentifikasi struktur teks beberapa teks eksposisi analitis tulis dengan memberi dan meminta informasi terkait isu aktual, sesuai dengan konteks penggunaannya.

B. Uraian Materi

Pernahkah Anda membaca kalimat atau tulisan yang berisi tentang opini (pendapat)? Misalnya seperti kalimat berikut: *"Do you agree that music is important in our life? Yes I do, music has certain role completing our day to day activities."* Dalam bahasa Inggris, kalimat itu biasanya banyak didapati dalam teks **analytical exposition**. Nah, untuk tahu pengertiannya dan bagaimana penggunaannya, langsung saja kita bahas di bawah ini.

Apa itu analytical exposition?

Pengertian atau definisi analytical exposition text sebenarnya sangat mudah dipahami. Secara bahasa, *"analytical"* bermakna, *"examining or liking to examine things very carefully"* (*Cambridge*). Artinya, (suka memeriksa / menguji sesuatu secara hati-hati). Sedangkan makna *exposition* adalah *"a comprehensive description"* atau penjelasan secara luas.

Dengan demikian, pengertian *analytical Exposition* bisa dipahami sebagai text yang mencoba memberikan penjelasan secara komprehensif tentang suatu masalah dengan menampilkan pendapat-pendapat pendukung secara hati-hati.

Tujuan utama *analytical exposition* text ini adalah, *"to attempt to persuade the reader to believe something by presenting one side of the argument"* Artinya mencoba meyakinkan pembaca agar mempercayai sesuatu dengan memberikan satu sisi pendapat saja."

Teks ini termasuk dalam argumentative text karena menunjukkan suatu pendapat (argumen) terhadap sesuatu. Fungsi sosialnya adalah **untuk meyakinkan pembaca bahwa topik yang dihadirkan adalah topik yang penting untuk dibahas**.

Sudah jelas ya? Sekarang kita akan membahas bagian apa saja yang membentuk *analytical exposition text*. Berikut adalah struktur textnya:

1. Thesis

Pada bagian *thesis* ini, penulis harus memberitahu pembaca **tentang topik utama** yang akan ditulisnya. *Thesis* biasanya bisa ditemukan di paragraf pertama teks. Di bagian ini, pembaca juga bisa melihat mengapa penulis memberikan pendapat terhadap hal yang menjadi topiknya.

2. Arguments

Di paragraf selanjutnya, kita bisa menemukan bagian *arguments*. Penulis akan menuliskan **pendapat untuk mendukung topik utama** yang telah disampaikan sebelumnya. Biasanya dalam *analytical exposition* terdapat lebih dari dua argumen. Semakin banyak argumen yang ditampilkan, pembaca akan semakin percaya bahwa topik yang dibahas adalah topik yang penting atau membutuhkan perhatian.

3. Reiteration/Conclusion

Bagian ini selalu terletak di akhir teks dan menjadi paragraf penutup tulisan. *Reiteration* berisi **penegasan kembali posisi dan pendapat** penulis terhadap topik utama.

Agar semakin paham, Perhatikan contoh *analytical exposition text* di bawah ini:

Cars should be banned in the city. As we all know, cars create pollution, and cause a lot of road deaths and other accidents.

} Thesis

Firstly, *cars*, as we all know, contribute to most of the pollution in the world. Cars emit a deadly gas that causes illnesses such as bronchitis, lung cancer, and ‘triggers’ off asthma. Some of these illnesses are so bad that people can die from them.

Secondly, the city is very busy. Pedestrians wander everywhere and cars commonly hit pedestrians in the city, which causes them to die. Cars today are our roads biggest killers.

} Argumentation

Thirdly, cars are very noisy. If you live in the city, you may find it hard to sleep at night, or concentrate on your homework, and especially talk to someone.

In conclusion, cars should be banned from the city for the reasons listed.

} reiteration/

Text 2.

Learning from Television

Traditionally, educators have perceived television as not particularly beneficial to literacy development. Concerns were fueled by findings suggesting that with the introduction of television people spend less time reading books and reading scores decline. As our society is striving to make adjustments to the decline in literacy skills, new ways of learning and teaching are being explored, educators are becoming interested in exploring the educational potential of television. Therefore, the interest in television as an educational medium has increased for several reasons.

First, existing educational television programs that were developed to enhance the literacy development of both children and adults have been quite successful in achieving their intended outcomes. This has been reported in several researches dealing with such things such as television supported distance learning programs from the Open University in Great Britain.

Second, because television is a very accessible medium, it has the potential to reach learners that have not been able to participate in traditional adult literacy programs. Television is accessible both in terms of its technology and in terms of its content. By 1985, 99% of all US households had a least one television set. Moreover, viewers are intimately familiar with the content of television and tend to associate it with pleasurable experience because of its power to entertain

Finally, the development of new visual technologies makes it possible to provide users with more control and interactivity and thus to adapt televised instruction to the needs of a variety of learners and learning styles.

To conclude, many teachers in UK are recently becoming aware to benefit the potential of television programs to support the teaching processes.

E. Latihan Soal

Answer the following questions.

Text 1

Learning English through music and songs can be very enjoyable. You can mix pleasure with learning when you listen to a song and exploit the song as a means to your English progress. Some underlying reason can be drawn to support the idea why we use songs in language learning.

Firstly, “the song stuck in my head” Phenomenon (the echoing in our minds of the last song we heard after leaving a restaurant, shopping malls, etc) can be both enjoyable and sometimes unnerving. This phenomenon also seems to reinforce the idea that songs work on our short-and-long term memory.

Secondly, songs in general also use simple conversational language, with a lot of repetition, which is just what many learners look for sample text. The fact that they are effective makes them many times more motivating than other text. Although usually simple, some songs can be quite complex syntactically, lexically and poetically, and can be analyzed in the same way as any other literary sample.

Furthermore, song can be appropriated by listener for their own purpose. Most pop songs and probably many other types don’t have precise people, place or time reference.

In addition, songs are relaxing. They provide variety and fun, and encourage harmony within oneself and within one group. Little wonder they are important tools in sustaining culture, religion, patriotism and yes, even revolution. Last but not least, there are many learning activities we can do with songs such as studying grammar, practicing selective listening comprehension, translating songs, learning vocabulary, spelling and culture.

From the elaboration above, it can be concluded that learning through music and songs, learning English can be enjoyable and fun.

Saya yakin Anda dapat dengan mudah menjawab pertanyaan-pertanyaan tadi dengan baik. Untuk lebih yakin akan jawaban Anda mari kita bahas dan kerjakan bersama-sama. Tapi sebelumnya perhatikan tips berikut:

Tips 1: Perhatikan pertanyaan sebelum membaca teks. Ketika kita menemukan soal reading konsentrasilah ke pertanyaan, garis bawahi kata kunci (menanyakan apa soal ini). Baru lihat teks. Dengan cara ini kita bisa menghemat waktu akan apa yang ditanyakan saja.

Tips 2: Baca cepat. Kalau kita sedikitnya paham maksud pertanyaan dan bisa memahami secara global teks yang dijadikan acuan pertanyaan, temukan baris-baris kalimat yang dijadikan pilihan jawaban. Garis bawahi kalimat-kalimat tersebut.

Tips 3: Temukan kata kunci. Usahakan memahami informasi yang ada pada baris kalimat yang mengandung kata kunci pertanyaan. Kalimat yang sama maksudnya dengan kata kunci, tetapi biasanya diungkapkan dengan redaksi berbeda, itu jawabannya.

Tips 4: Focus pada word meaning. Beberapa model pertanyaan menguji penguasaan vocabulary. Misal beberapa kata yang membutuhkan pemahaman arti kata, antonym, synonym, close meaning same meaning dll

Tips 5: Temukan tema atau judul yang paling masuk akal. Kemampuan ini sangat bagus untuk menjawab beberapa model pertanyaan menanyakan tema teks adalah, atau kesimpulan teks tersebut adalah, atau judul yang tepat untuk tersebut adalah, dll

Bagaimana? Mudah bukan? Mari kita ujikan tips diatas untuk menjawab soal-soal latihan berikut.

Question 1

The type of the text above is

Kata kunci dari pertanyaan satu adalah “*type of the text*”.

Maka jawabannya adalah dengan membaca cepat keseluruhan text sambil mengamati struktur penyusun teksnya. Dengan mengenali teks strukture dari sebuah bacaan maka dengan mudah kita mampu menjawab pertanyaan.

The type of the text is a. **Analytical exposition.**

Question 2

What is the communicative purpose of the text?

Kata kunci dari pertanyaan dua adalah “communicative purpose” yang terkait dengan fungsi sosial dari teks dan dapat disimpulkan pada saat Anda membaca paragraph terakhir dari teks.

Maka jawaban yang betul adalah **e. To persuade the reader to use songs in learning language**

Question 3

The generic structures of the text are

Pertanyaan 3 memiliki kata kunci “generic structure” maka kita dapat kembali membaca keseluruhan teks dengan cepat dan pada akhirnya dapat menyimpulkan bahwasanya teks diatas adalah teks eksposisi analitik karena memiliki fungsi sosial

untuk mempengaruhi/membujuk dengan dilengkapi dengan beberapa paragraph yang merupakan argument/alasan pendukung.

Maka jawaban yang betul adalah **d. Thesis - arguments - reiteration**

Question 4

What is the text about?

Pertanyaan What is the text about? Adalah pertanyaan yang menanyakan tentang tema dari teks. Apakah Anda paham apa yang dimaksud tema? Ya betul, tema adalah ide atau pokok pikiran yang melandasi sebuah teks. Bagaimana cara menentukan tema adalah dengan membaca keseluruhan teks dengan seksama lalu buatlah simpulan dari isi teks tersebut. Singkatnya tema dapat disimpulkan dengan cara membaca lebih intensif paragraph awal atau paragraph akhir dari sebuah teks. Untuk tema teks eksposisi analitik biasanya akan dengan mudah melihat paragraph akhir teks yang merupakan paragraph kesimpulan.

Kata kunci dari pertanyaan lima adalah there are ... "reason". Pada sejumlah Pertanyaan kata kuncinya tidak akan sama persis seperti yang terdapat dalam teks karena memang pertanyaan jenis ini juga menguji vocabulary Anda. Maka, fokuslah pada kata yang memiliki makna yang sama yaitu argument atau alasan pada teks eksposisi analitik sehingga kita dapat berfokus pada paragrpah yang terletak diantara paragraph awal dan akhir.

Maka jawabannya adalah: **b. 4**

KEGIATAN PEMBELAJARAN 2

A. Tujuan Pembelajaran

Setelah kegiatan pembelajaran 2 ini, Anda diharapkan:

- Mampu mengidentifikasi unsur kebahasaan yang terdapat dalam teks eksposisi analitis yaitu penggunaan ungkapan seperti *I believe*, *I think*, penggunaan adverbia *first*, *second*, *third* dan seterusnya, penggunaan kata sambung *Therefore*, *consequently*, *based on the arguments* dan sebagainya.
- Mampu memahami makna unsur kebahasaan yang terdapat dalam teks eksposisi analitis yaitu penggunaan ungkapan seperti *I believe*, *I think*, penggunaan adverbia *first*, *second*, *third* dan seterusnya, penggunaan kata sambung *Therefore*, *consequently*, *based on the arguments* dan sebagainya.
- Mampu menggunakan unsur kebahasaan yang terdapat dalam teks eksposisi analitis yaitu penggunaan ungkapan seperti *I believe*, *I think*, penggunaan adverbia *first*, *second*, *third* dan seterusnya, penggunaan kata sambung *Therefore*, *consequently*, *based on the arguments* dan sebagainya.

B. Uraian Materi

Pada pembelajaran 1, Anda telah belajar tentang fungsi sosial dan struktur teks eksposisi analitik. Maka, pada pembelajaran 2 kali ini, Anda akan belajar tentang *language features* dalam penulisan *analytical exposition text* dan bagaimana menggunakannya.

Kaidah Kebahasaan text analytical exposition adalah sebagai berikut:

1. Penulisan *analytical exposition text* menggunakan **simple present tense**. Mengapa menggunakan tenses ini adalah karena teks eksposisi merupakan teks yang menyampaikan pendapat yang bersifat umum dan merupakan fakta.
2. Menggunakan **thinking verb/kata-kata yang mengekspresikan pikiran atau perasaan penulis**, contohnya: *experience*, *feel*, *know*, *realize*, *sense*, *think*, dll.
3. Menggunakan **internal conjunction** yaitu **kata penghubung** yang menghubungkan argumen di antara dua klausula. Internal conjunctions dapat dibagi menjadi empat kategori, yaitu
 - (1) *addition* (penambahan) contohnya *besides*, *in addition*, *further*.
 - (2) *Comparisons* (perbandingan), seperti *but*, *vice versa*, *meanwhile*, *on the other hand*.
 - (3) *Time* (waktu), misalnya kata *second*, *then*, *then*, *next*.
 - (4) *Cause-effect* (akibat). Contoh katanya antara lain *consequence*, *as a result*, *so*, *the result*.

Perhatikan penggunaan *simple present tenses*, *thinking verb*, dan *internal conjunction* sebagai ciri khas dari teks eksposisi analitik.

I strongly **believe** that mobile phones are necessary. My reasons for this belief are that these phones are convenient for business people who travel a lot, and they are handy for emergencies.

To begin with, mobile phones are necessary in the case of emergencies. **For instance**, if you fall down a set of stairs in a building and are badly injured and can't reach a pay phone, it is handy to have one to use. Or, if your car breaks down in the middle of the night in a strange neighbourhood, it would be dangerous to leave it in search of a public phone booth.

My other main reason is that mobile phones are convenient for business people. **For example**, if you are out of the state or even overseas and you have to contact a client to do some important work, it is useful to have one to use. By using a mobile phone, important information can be received. People can't stay in an office all day waiting for their phone to ring. Some people have to go and do jobs or they will go out of business. You can even send faxes or messages and use the internet with your mobile.

In conclusion, I believe that mobile phones have now become a necessary part of every day life. Instant communication will ensure that information can be passed on with a simple press of a button. **Whether** this is to do with business or personal information or emergencies, it goes to show that they are necessary in the new millennium.

Perhatikan bahwa hampir seluruh kalimat dalam teks adalah dalam bentuk simple present tense yang dicirikan dengan penggunaan kata kerja atau verb 1. Kata yang ditebalkan (*to begin with*, *for instance*, *my other main reason*, *whether* dan *in conclusion*) adalah kata sambung atau conjunction yang umumnya digunakan untuk menghubungkan argumen di antara dua klausula. Sementara kata *believe* adalah contoh *thinking verb* yang mengekspresikan pikiran atau perasaan penulis.

A. Tujuan Pembelajaran

Setelah kegiatan pembelajaran 3 ini diharapkan Anda mampu menangkap makna secara kontekstual terkait fungsi sosial, struktur teks, dan unsur kebahasaan teks eksposisi analitis lisan dan tulis, terkait isu aktual

B. Uraian Materi

Pada Pembelajaran 3 kali ini, Anda akan belajar berlatih menangkap makna secara kontekstual terkait fungsi sosial, struktur teks dan unsur kebahasaan teks eksposisi analitik.

Kontekstual berasal dari kata *context* yang berarti hubungan, konteks, suasana dan keadaan, makna kontekstual diartikan sebagai makna yang muncul berdasarkan konteksnya. Berikut adalah tahapan memahami teks:

Bagaimana? Apakah penjelasan tadi dapat dipahami? Mari kita berlatih memahami teks dengan melakukan tahapan seperti diatas ya. Jangan ragu untuk membacanya kembali jika Anda memerlukan pemahaman yang lebih mendalam.

Perhatikan teks berikut.

Laptop as Students' Friend

Conventionally, students need book, pen, eraser, drawing book, ruler and such other stuff. Additionally, in this multimedia era, students need more to reach their progressive development. Students need mobile keyboards to record every presented subject easily. Of course it will need more cost but it will deserve for its function.

First, modern schools tend to apply fast transferring knowledge because the school needs to catch the target of curriculum. Every subject will tend to be given in demonstrative method. Consequently students need extra media cover the subject. Since there is a laptop on every student's desk, this method will help student to get better understanding.

Secondly, finding an appropriate laptop is not difficult as it was. Recently there is an online shop which provides comprehensive information. The best is that the shop has service of online shopping. The students just need to brows that online shop, decide which computer or laptop they need, and then complete the transaction. - ✓ Lakukan *skimming* (membaca cepat dengan fokus pada bagian penting sebuah teks (judul, kalimat pokok setiap paragraph, ilustrasi dan sumber jika ada)
- ✓ Gunakan **background knowledge** atau pengetahuan Anda sebelumnya terkait teks yang Anda baca (Contoh: jika Anda sering membaca atau menonton berita, maka Anda tidak akan asing dengan istilah atau fenomena yang terkait dengan penggunaan laptop dikalangan pelajar. Pengetahuan ini sangat membantu Anda saat memahami teks diatas)

Tahap Selama:

Contoh: Sumber:

<https://www.google.com/search?q=mind+map+of+analytical+exposition&safe=strict>

Text 1

There is no best way to deal with pests in agriculture. Pesticides which are commonly used may cause many problems. I think combining different management operations is the most effective way to control pests.

Firstly, the chemicals in the pesticides may build up as residues in the environment and in the soil which absorbs the chemicals. This reduces the quality of farm product.

Secondly, pests can gradually become resistant to pesticides. This means that newer and stronger ones have to be developed.

Lastly, some pesticides affect non target plants and animals such as fish and bees. This affects the ecology and environment as well.

Text 3

To improve comfort and cleanliness at our school, a number of dust bins should be increased.

When we look at classrooms, school corridors and school yard, there are paper mineral water cups, straws, and napkins here and there. The condition of uncleanliness and discomfort really hinders learning and teaching environment. Litters thrown carelessly cause disease, especially empty plastic cup or glasses. They can be filled out with water coming from the rain. This can be placed for dengue mosquitoes to spread out.

Besides, these rubbish can deteriorate the scene. Well painted wall and green school yard do not mean anything litters are scattered everywhere.

Anyway I notice that most of the students in our school have responsibilities for the school environment. They put their litters on the proper places. But some are not diligent enough to find the dust bins. The numbers of dust bins in our schools are not enough. One dust bins should be put beside each of steps, outside of the classrooms, and some more also in the corridors.

Probably one dust bin should be in every ten meters. So when students want to throw away their litters, they can find the dust bins easily.

When school is equipped with sufficient dust bins, we do not have problems of freak and discomfort any more. Our school will be very clean and become a nice place to study.

- B. They can save janitor's energy
- C. Students are asked to clean them

- D. They make school environment neat
E. Students can throw garbage away easily
14. What is the writer's suggestion?
- A. To buy more dustbins
 - B. To hire more gardeners
 - C. To use dustbins efficiently
 - D. To ask parents to give more dustbins
 - E. To ask students to clean the school yard

Text 4

School uniform is special clothes worn by all students of a particular school. The uniform of a school may differ from others. Why should schools use uniforms? Below are some reasons.

First of all, Notre Dame's Department of Sociology produced a study in 1998 concerning school uniforms. Their findings using 10th grade students showed that uniforms have no direct effect on "substance abuse, behavioral problems or attendance." It also claimed a negative effect on student achievements for those students considered 'pro-school'.

Secondly, uniform helps to create a strong sense school ethos and a sense of belonging to a particular community. As such it promotes discipline and helps to drive up academic standards, which is why a uniform is often adopted by schools which are being reopened with a fresh start after being classified as failing.

Finally, uniform acts as a social leveler, under which all students are equal in the eyes of the school and of each other. In institutions without uniform students are often competitive and worry endlessly about their appearance and the clothes they should wear. Pupils without expensive designer clothes and trainers may be singled out as social outcasts, or stigmatized as being from poor backgrounds. For these reasons many parents prefer uniforms as they save them money on buying clothes for school wear.

Considering the findings, schools should implement the uniform as their identity. The government should also publish some kind of rule which makes uniform compulsory for schools.

15. In institutions without uniform students, one will be regarded poor because he/she
- A. does not wear a school uniform
 - B. cannot afford to buy a school uniform
 - C. wears no expensive designer clothes
 - D. posses a bad academic record
 - E. has a bad attitude at school
16. "As such **it** promotes discipline and helps to drive up academic standards"
(Paragraph 3). What does the **it** word refer?
- A. Community
 - B. School ethos
 - C. Research finding
 - D. A study
 - E. Uniform

17. The last paragraph is about
- A. The writer's suggestion
 - B. The writer's arguments
 - C. The writer's reasons
 - D. The writer's reiteration
 - E. The writer's thesis
18. Substance abuse, behavioral problems or attendance." (Paragraph 2). The antonym of "attendance" word is
- A. arrival
 - B. come up
 - C. appearance
 - D. presence
 - E. absence
19. Arrange these jumbled paragraphs into the correct order.
- a. Those who want to penalise older, leaded petrol vehicles and their owners don't seem to appreciate that, in the country, there is no public transport to fall back upon and one's own vehicle is the only way to get about.
 - b. In all the discussion over the removal of lead from petrol there doesn't seem to have been any mention of difference between driving in the city and the country.
 - c. While I realise my leaded petrol car is polluting the air wherever I drive, I feel that when you travel through the country, where you only see another car every five to ten minutes, the problem is not as severe as when traffic is concentrated on city roads.
 - d. I feel that country people, who often have to travel huge distances to the nearest town and who already spend a great deal of money on petrol, should be treated differently to the people who live in the city.
- A. a-b-c-d
 - B. b-c-d-e
 - C. d-a-b-e
 - D. c-d-e-a
 - E. b-c-a-d
20. Arrange these jumbled paragraphs into the correct order.
- a. The first, college students are adults, not elementary school children. The student has an ability to determine which of the acts he should be doing which is not because the student has a different mindset with the child. The student is able to determine what he needs in the course so he will not neglect to improve his knowledge even though he is not attending the class
 - b. To summarize, attendance in college classes should be optional. Students may already know the material that the professor will cover. Sometimes the professor lectures on material that is in the textbook, so students can read it on their own time. Therefore, in my opinion, compulsory attendance in college classes should be abolished.
 - c. On my first day of class in an American university, I discovered that there are many differences between universities in US and in my country. One difference hit me immediately when the professor walked into the classroom dressed in casual pants and a sports shirt. Then he sat down, and I received a second shock. He sat down on the desk, not behind the desk. The biggest shock happened when he passed out a piece of paper listing the requirements of the class. I learned that I was not allowed to miss any classes! In my country, professors do not know or care if students attend lectures, but in the United States, professors actually call

the roll at the beginning of each class meeting. In my opinion, compulsory attendance in college is completely inappropriate for two reasons.

- d. Students often have other obligations such as work and family. Not infrequently we meet there are students who have to work to help the cost of lectures and this has become a necessity for him. So also with students who already have a family. Sometimes the affairs involving the family are more important than attending the class so the students tend to leave the class because they think the class can be replaced by learning independently.

A. a-b-c-d
B. b-c-d-e
C. c-a-d-b
D. c-d-e-a
E. d-c-b-a
